Please Enter All Phone Number(s) On Your Current Bill (if you are porting a toll free number, that request must be on the Porting Form for Toll Free #'s):

Table with 4 columns: Phone Number, Current Carrier, Service Address, Is this Number to be Ported? (YES / NO)

Table with 3 columns: Question, YES, NO. Questions include: Is your current telephone number active with your local provider? Are there any additional numbers on your account... Do you currently have DSL service... Is the number you are porting the main Billing Telephone Number? Are you porting a toll free number?

Porting Process:

When ITP receives this form with a copy of your most recent phone bill, the porting process will begin. This process can take up to 60 days. Without a copy of your phone bill, we cannot process your port.

Please Check Which of the Following 4 Options You Would Like (not checking a box may delay the process):

- Option 1: You can replace the Phone number that ITP has assigned to you with your current number and your bill will NOT change.
- Option 2: You can set your current number as a virtual number and have it ring to the ITP phone number that had been assigned to you. This option will cost an additional \$4.99/mo.
- Option 3: You can set the ITP number that was assigned to you as a virtual number and have it ring to your current number. This option will cost an additional \$4.99/mo.

The difference between options 2 and 3 is that with Option 2, the ITP number will show up on a caller id and with Option 3, your current number will show up on caller id.

- Option 4: You can have your current number as a second line. This option will require you to switch to one of the Home Office 2 line plans

What name would you like to appear on Caller ID? (Up to 15 characters)

By signing this form I agree to and understand the following:

1. E911 may not be currently available through my VoIP service provider.
2. ITP cannot guarantee to be able to port my number.
3. I am transferring my current phone number to ITP and it will no longer be active with my current provider depending on the plan I have with my current provider.
4. If I disconnect my phone service with my current provider before my number is ported then it will not be portable to ITP. DO NOT CANCEL YOUR CURRENT PHONE SERVICE UNTIL ITP INFORMS YOU THAT YOUR PORT HAS COMPLETED.
5. By submitting this form, I authorize ITP to transfer my telephone service and telephone number from my current provider to ITP.
6. The process of porting my number can take up to 60 days and I am responsible for notifying ITP of the port if I cancel my ITP phone service at any time before my number is ported.
7. If I am not porting all of the numbers on my phone bill then I must notify my phone company of whether or not they should be disconnected.
8. If porting a Canadian number, a non-refundable US\$50 charge will be applied upon completion.
9. If I email this form and I do not receive an email within 72 hours confirming the receipt of this LOA form then it is my responsibility to resubmit it.
10. If I fax this form, then it is my responsibility to confirm the fax was received by calling Customer Service.
